***"How long Beloved Saint Germain has waited, how long he has dreamed of a world brotherhood, wherein the light of the heart coming from the Universal Father, the Cosmic I AM Presence, shining through the Holy Christ Selves of every man is the tie that binds all members of the human race in an impersonal, Divine Brotherhood!"***

That life, the only eternal part of you, is being released this hour and constantly from the fetters self-imposed or directed, which are merely temporary change of human limitation. Beloved ones, accept this, the Law of Love, as I have taught it and as my chelas have taught it, for centuries. Each person's consciousness is like a cup held up and for knowledge to pour into it. ***When it is filled to the brim and not utilized for the benefaction of the race, there is room for no more, until that is absorbed, digested spiritually and then radiated forth as a gift of faith, illumination, love, purity, consecration, peace, healing or supply!***

***For, that karma, too, is written in the book of your life, and YOUR MASTER, YOUR GURU, YOUR SPONSOR IN THE ASCENDED MASTERS' REALM IS RESPONSIBLE FOR EVERY ASPECT OF COSMIC TRUTH WHICH IS PRESENTED TO YOU WHICH YOU DO NOT UTILIZE!*** Think about it, beloved ones, think about the amount of truth that has been given to you recently. Think about how much you have utilized it, and how much is the obligation to the Divine Being who is your sponsor in the Ascended Masters' realm.

All of you with a sense of spiritual integrity and pride, all of you with a sense of honor, shall want to write on your book of life that you have utilized, to the best of your known capacity, that law, that love imparted, that faith and trust placed in the hands of unascended individuals by Divine Beings, as they share with you, in communion, their very LIFE. Think what the gift of a person's life is.

***Even you, in the unascended realm when you commune one with the other, you are sharing the priceless gift from the I AM Presence—life, but is that life which you share with your fellowmen qualified with love, discrimination and power? Or is that life which you pour into the consciousness of another unascended being charged with sorrow and distress?***

## NO MORE SEEDS OF DECAY!....

"Beloved and blessed ones, so long have I been World Teacher, so many civilizations have come and have gone, raised to tremendous heights, wherein the people have mastered the powers of levitation, precipitation, and ***yet always, within those civilizations, there was the seed of decay.***

**Within the heart of all discord is the seed of decay** and its fruit is manifold, causing those civilizations which were magnificent, in which many of you dwelt in great Light, **some of you being no part of that discord, to fall into decay.** They are no more except in the sketchy records of historians or in the poetry and prose of the folklore of many lands.

Today, I say, beloved, we of the Ascended Host of Light shall leave not one seed of discord, not one cause and core of imperfection upon this Earth within the soul or outer consciousness of any lifestream who has used the Earth so freely for centuries.

***When the glorious Ascended Master Saint Germain builds his magnificent Permanent Golden Age, there shall be naught to cause it to decline!***

## Let Go Of Your Distress Into The Violet Fire

Beloved ones, make of the Ascended Host, the angelic host, any one of us, your confessors. For that which you place into our keeping, that which you lay at our feet in the way of petitions, in the way of calls for assistance, we can transmute instantly, and return to you more quickly the blessing you require. Thus, all of us are willing to act, and have acted, for ages, as intermediaries and intercessors between unascended mankind and the Godhead, not as idols, but as elder brothers and sisters willing to accept that portion of your particular destructive karma which you desire to let go. Oh, how tenacious is the hold of the outer self consciousness upon its own karma. Only we who pry a portion of it, at every visitation, know how tenacious is the hold of the outer self upon personality traits, etheric memories and every type of distress.

***Beloved, let go! Let go of your distresses into the Violet Fire, into the keeping of Kwan Yin or of our beloved Mother Mary or any one with whom you have a particular affinity, even if you know not that you are holding unto certain distresses.***

I speak truth from the heights of heaven, when I say that there is karma that is stowed away in the most earnest and sincere lifestream, that should have long since been relinquished into the Violet Transmuting Flame. ***IN THE NAME OF GOD! LET GO of that karma of a destructive nature!*** We are only asking that the burdens which you find so heavy may be placed in that Violet Fire. For every bit of that destructive karma, every human personality trait, and all human consciousness that you release, we will give back to you on the flame and ray of love, a permanent, good, cosmic virtue which will be of assistance to your blessed lifestream on its pilgrimage.

Hear you me, children of Earth, as I speak to your minds and to your souls. I plead today, that in the name of the Ascended Master Saint Germain, you place that destructive karma into the Freedom Flame and accept the blessings of my humble self, and then of my great teacher and guru, the Lord of the World (Lord Gautama). When the cosmic rays and flames are made visible, in those certain sacred places where they once were manifest, you shall have to have a strength of spirit and a humility beyond the understanding of the present day mind. What do you think you would be the activity in a large city were the magnificent presence of the Archangel Michael, Master Saint Germain and his Freedom Flame to appear visibly and tangibly? Do

you know of the thousands of curious and greedy individuals who would rush toward you, toward the guardians of that invoked power. Prepare then a solid phalanx of dedicated and alert chelas for that day.

For years now we have said, prepare for the day, the day is upon us and the hour is here and the very Earth moves on her axis. Divinity's realm is bursting with goodness, the beloved Ascended Master Saint Germain is at the very door awaiting reception by unascended chelas, in a manner like unto that accorded Sanat Kumara as he came on his exile from Venus centuries ago. When the Lemurian Pole Star reached its zenith there was no more time and there, shining in the atmosphere above the Earth was Sanat Kumara and his cosmic court. Think of the fidelity of those who prepared for 900 years for his coming. Think of yourselves! This is the era, it is the hour the Star of Freedom has risen and the beloved Ascended Master Saint Germain shall bring forth his manifestations. You are the chelas upon whom he depends.

***“You have had now years to prepare. I say to you, before I relinquish the platform to our beloved Lord of the World, your era of preparation is completed, your era of service, in the name of God has begun.”***
