

PEOPLE OF EARTH !

THE BELOVED ELOHIM OF PURITY speaks:

Peoples of Earth! Purity shall abide in, through and around the Earth, its evolutions, and every person, place, condition and thing connected with it in any way. I have remained with this planet, Earth, have seen her from her birth in the minds and hearts of Helios and Vesta. I have seen the great Amaryllis and forces of nature preparing her to become a most beautiful paradise, to be a schoolroom for an evolution destined to choose this Earth as a way to learn the truth of mastering energy and vibration in the physical world.

I have witnessed, along with the other Elohim, through the centuries that have passed, the degradation to which the Earth has presently come, and the impurity which has been charged into the elemental life, the inner and physical bodies of mankind, and the atmosphere of Earth. It is my decree, in the NAME OF GOD, to return this Earth to that state of paradise, to that state of God perfection which she expressed when, smiling in the robes of Spring, with the crown of Amaryllis upon her brow, she opened her arms and heart to the first Manu and the first root race in such welcome.

Oh, I love thee, blessed Earth. On that day when thy people didst say they would accept the laggards from the other stars, IF AN ELOHIM COULD SHUDDER, I WOULD SAY MY VERY BEING DID SO SHUDDER, seeing what might result in giving so innocently, and yet, which would cost life so much. I would say to the beloved peoples of Earth, anybody on the planet Earth who is interested in purifying her, anyone who is interested in releasing water or air or earth or any human being from a distress or imperfection, is my friend, and I am with such a one always. IT IS MY REASON FOR BEING.

Beloved Children of Light, I cannot too strongly urge you to contemplate, with all your great capacity, the actual nature that makes up the Father of all life; his feeling toward all his children, the actual desire and design of his being for the Earth, and all upon it, and within it. When the beloved Mary is spoken of as the Mother Aspect of the Deity, it is because her nature has become one with the mother element of the Eternal Father of all life. THE EARLY CHRISTIANS, AS WELL AS SOME OF THE VERY DEVOTED CHRISTIANS OF TODAY, PATTERNED THEIR LIVES ON THE VERY SIMPLE QUESTION OF WHAT JESUS WOULD DO IF PLACED IN THE SAME CIRCUMSTANCES AS THEY FOUND THEMSELVES.

Earnestly, such individuals asked for his illumination and feeling, and then tried to the best of their ability and capacity to contact his feeling and reactions according to his possible activity if he were in that circumstance. Now, all individuals are not equally capable of understanding the NATURE of the Master Jesus, nor intellectually of judging what he would do under all circumstances, but every desire within the heart to act and react as he would, brings through it a grace and perfection and blessing and an intuitional pressure from Jesus, which does direct the life course more and more in the way of the Master. The early Christians, with great success, followed this simple way of life, and became so imbued with the nature of their Master, that they took on the luminosity of flesh, the brilliance of consciousness, the love of heart, and even the capacity, in his name, to heal and set life free.

It is worth the time and thought of the chelas of the Master to begin such a holy practice, and in their daily lives see what beneficent results will ensue, not only in their own peace of mind, but in the kindly unfoldment of those around them. So I bless you, little children, in your endeavors, as you walk—sometimes stumbling—upon the same path that we traveled so long ago.

Beloved Maha Chohan, February 1, 1953

The Law of life is so simple in its essence, that mankind passes it by for the very complicated, involved terminology with which they have completely smothered the simple truth. ***The Law of THE NEW AGE—the religion of THE NEW AGE—will be so simple that NO study will be required to understand it. It is THE LAW OF HARMONY.*** Some people call it love, but when you call it LOVE you immediately begin to enter into variations of expression and interpretations that distort its true sense.

As the representative of the Holy Spirit, it is my office to present to mankind the PLAIN TRUTH so that “all who run may read.” LIFE IS ENERGY. Every man, woman and child who breathes, draws that energy into himself by a CONSCIOUS ACTION, for the in-breath is a drawing into oneself from the one source—God—the priceless energy that is his life, and when an individual does this, he or she becomes ACCOUNTABLE to the whole universe for the use of that energy loaned to him by the Godhead. The breath in your body is yours because you DREW IT FORTH from the heart of God.

In your inner soul you promised God that you would enrich his universe if he would allow you the USE OF HIS LIFE, and God, BEING LOVE, granted your request, and gave you all the love you required—and still does—with but one counsel or condition—that his life or energy must go forth from you QUALIFIED HARMONIOUSLY, to bless and enrich his people, his universe and all its parts.

If the energy is not qualified harmoniously, the Cosmic Law governing the universe is, that your own Higher Mental Body will draw that energy back into your world after it has accomplished that for which it was sent forth, and it comes back with the same qualification with which you clothed it on its outward journey, amplified by vibrations of a like quality which it has attracted to itself while it was absent from your aura. The reason for this is that the evolving soul may learn, first, the nature of the energy he is using, and, second, that the guiding intelligence within his own soul is an integral part of God, and therefore love in action. The outer personality then is forced to learn from this return of his own energy that it is more comfortable to abide by the Law of Harmony and enrich the universe by the life that God has loaned him, than to suffer the consequences caused by the unlawful use of the fire-breath of God.

The particular traits and characteristics that annoy you in other people are, almost without exception, the energy of your own world that you have sent out in a similar manner in previous lives. Your Higher Mental Body shows you how discordantly-qualified energy distorts the universe. When the individual becomes uncomfortable enough, he feels and speaks resentfully of these appearances, but if the person would recognize that he or she has created those very things in the past, he would, on encountering them, call on the Law of Forgiveness for HIS part in creating those inharmonious appearances and, then through his knowledge of the Sacred Fire, BLAZE the Cosmic Fiery Flame of Freedom's Love through the cause and effect of such a manifestation, he would not only be cleansing and purifying his own consciousness and world of the cause and effect of these qualities, but would be helping to eradicate them completely from the universe in general.

If a person is BIG enough to bless those human appearances that manifest in the lifestreams of those around him into FREEDOM, he will find those very annoying traits and characteristics will cease to appear in his own world, because the law of his lifestream is, when he is cleansed and purified from those habits that he dislikes, and their momentum consumed in the flame, he will not be required to live under the pressure of any experience that is not of his own making.

Wenn eine Person GROSS genug ist, um diese menschlichen Erscheinungen, die sich in den Lebensströmen der Menschen um einen herum manifestieren, in FREIHEIT zu segnen, wird er feststellen, dass diese sehr lästigen Eigenschaften und Merkmale in seiner eigenen Welt aufhören werden, zu erscheinen, denn das Gesetz seines Lebensstromes ist, wenn Er gereinigt und gesäubert von jenen Gewohnheiten ist, und jene Energie in der Flamme verzehrt wurde, er nicht mehr unter dem Druck irgendeiner Erfahrung leben muss, welche nicht durch ihn selbst verursacht wurde.

When the energy which you have drawn forth from life to date has been harmoniously requalified and freed, then Earth can no longer hold you—your divine plan is completed, your service to Earth finished— and you rise, an Ascended Being, having completed your cycle of individual evolution and learned the Law of Harmony, which is the Law of the Universe Saint Germain and other members of the Ascended Host are balancing and removing thousands of tons of misqualified energy from Earth and its people daily and yearly, and I trust, for the sake of your own speedy freedom, that you will learn to live gently and kindly, and that you will realize when you experience through others that which seems to be so distressing—it is not really someone else's fault, but the reflection of what you have done to life through the centuries, and that you will use the purifying flame of freedom's love unceasingly, so as to banish it forever from God's universe.
