

## ***Important points for building an I AM LIGHT GROUP***

- Internalizing and applying the I AM teachings of BRIDGE TO FREEDOM, as well as daily invocations for the world in individual's "Selfless Service". (The Bridge to Freedom literature contains all the major I AM teachings of the Ascended Masters of the Great White Brotherhood). [www.ascendedmaster.org](http://www.ascendedmaster.org) (English, Spanish, Chinese literature) [www.amtf-europe.org](http://www.amtf-europe.org) (German and French literature).
- Working with the Violet Flame of Purification and Transformation is a great importance and should be used daily by every light student (for themselves and the world, situations etc.).
- An important point in building an I AM LIGHT GROUP is, to inspire interested light students to become a part of the I AM teachings in this "Holy Mission" and to introduce them to the "I AM" scriptures.
- If it is possible, it would be wise to create a physical space, that can be used regularly by the light students over an extended period of time, to do light service together. You can also study the I AM literature together, at this place, and exchange ideas about it.
- This light service can consist of specific invocations with a specific process, that you compiles together and also songs.
- The most experienced light student in a light group, guide the group.
- It is advantageous to set up a small altar with the God Presence "I AM" and with the images of the Ascended Masters of the Great White Brotherhood.  
This can also be decorated individually with 3 candles (blue / pink / yellow) which symbolize the Threefold Flame of Love, Wisdom and Power, the I AM PRESENCE which is connected in our hearts and through which we can perceive GOD. A precise procedure can be found, for example, in the "Bridge to Freedom" booklet "Songs and Decrees". Under the following rubric for free download. <https://www.iamthelight.at/actuals/light-service-groups/>
- Through the common rhythm (weekly/monthly), it is possible, with a perpetual continuity, to build up a great momentum of light at this place, which is supported by the Ascended Masters of the Great White Brotherhood and is used for the benefit of all beings.
- This not only helps the individual light student, but also the entire region where this light service is carried out.
- If a physical common space cannot be created and the distance of the Lightstudents in an area is too great, you can also agree on a specific day, to make the chosen invocations (each by thyself) and ask the Ascended Masters to synchronize the time, as we do it worldwide for example at "I AM THE LIGHT".
- LOVE, ENDURANCE AND DEDICATION FROM ALL PARTIES ARE IMPORTANT PARAMETERS SO THAT MORE LIGHT CAN BE BROUGHT ON THIS EARTH, PLACES AND REGIONS, FOR THE BENEFIT OF ALL.
