

BRIDGE TO FREEDOM

**AMTF Mt. Shasta / Werner Schroeder
MAN, HIS ORIGIN, HISTORY AND DESTINY**

CALL TO THE GERMAN SPEAKING PEOPLE

EMPLOYEES ARE NEEDED

Once again, magnetizing centers are needed for a new Christ message. The Masters said they are preparing a new avatar, awaiting the appropriate time for his incarnation. Thanks to the grace of God, the pure message of the Ascended Masters, which comes modestly, gently, simply and straightforwardly, can be given to humanity again.

How can the coming of the Avatar be permitted if the message of the final dispensation is not sufficiently spread or applied?

Therefore, new work is needed to further spread the original message of the Masters. A NEW BRIDGE, a new link, a connection through which the Council of Ascended Masters can reach the intellect of the outer consciousness is urgently needed. It is therefore up to some enlightened people to build such a bridge, using as a model the one created by Saint Germain and El Morya.

This bridge must be a structure of light energy, built by the spiritual seekers on one side and by the energies of the masters on the other. Once this important connection is established, firmly established by the students, then a direct connection can be made between a person on the physical plane and the Ascended Masters on the other side.

Then, when this force field receives a corresponding vibration of love, determination and inner COMMITMENT from the students, then no power on earth can prevent a new flow of information THROUGH A THIRD DISPENSATION of the New Age. Then a new authorized messenger can bring the needs of the hour to people's consciousness. Once this message comes in through the messenger, it must be translated into every language and spread to every country on earth. This is not imaginative thinking, these are statements based on the rules of the never-erring Cosmic Law!

Until there is a new messenger, we can study thousands of pages of the original announcements. The Masters commented that this knowledge released is ten times what is necessary for our ascension. More knowledge has been given than we could ever hope for in our lifetime.

Fortunately, not too many people are needed to pioneer the New Age. The quality of consciousness, HUMBLE BUT DETERMINED DEDICATION and the inner promise to faithfully serve the cause of the Masters, whatever may come, are the most important requirements. These qualities, even if demonstrated by only a few, are more important than metaphysical knowledge, even years of “experience.” The dispensations of the 1930s and 1950s were initiated by very few people. The original teaching of the “Bridge to Freedom” that we are talking about here was saved from collapse by just TWO PEOPLE.

The group work mentioned in the previous chapter is needed NOW. The energy spent on the material plane will be amplified by the Masters of Wisdom and will help build a strong bridge of light energy reaching into the divine spheres.

Over the years there has been a constant effort by some individuals to personally influence and modify these teachings. This requires constant vigilance on the part of students. If appropriate loving attention is shown and if the message is well guarded, then the work of Saint Germain will flourish. To date (September 2014), 78 people have offered to be the new messenger for the AMTF. They were all rejected because they did not have the appropriate skills to hold this high office. Also, there will only be a new dispensation, if the knowledge already given is fully applied.

German speakers now have a great opportunity to make such a contribution that will make the necessary difference and make a new dispensation possible.

Another Master said in the 1950s: “Admittedly, many of you are concerned about world peace, but the intensity of such invocations and the number of those involved are not enough. THE PEOPLE OF THE EARTH ARE SITTING ON A POWDER KEG.

YOU ALSO, BELOVED TRUTH SEEKERS! It is your responsibility, your duty, to serve the light as a balance for life. I'm not just asking you to do this, I'm telling you emphatically that it is your duty to help NOW. Your FUTURE MENTAL DEVELOPMENT depends on this decision. The service you are to perform must be performed NOW!”

According to the Ascended Masters, a collaboration that spans the entire planet is needed. In this way, the current global crisis can be brought under control.

Reading this book or similar books is just a very small beginning. You gain a lot of knowledge, but WHAT YOU LEARN MUST BE APPLIED.

All of us have, at one time or another, contributed to the problems the Earth now finds itself in. Together we have fallen, together it is our responsibility to lead the Earth out of its current dilemma and restore the harmony, beauty and perfection of the Garden of Eden.

Serving God and the Masters gives us the wonderful opportunity to compensate for the privilege of having an embodiment. The law of life is selfless service. So let us resolve NOW to serve the Great White Brotherhood.

To this the Masters said: “Those whose studies and convictions have given them a clearer and deeper insight into those causes which prevail behind the outward appearance of chaos in the world must put all their own interests and personal ambitions into the background and themselves meet on a

collective basis and establish a united front against all those misguided people who are responsible for all current threats, dangers and wars.

„Less than 1% of humanity is responsible for the major problems plaguing the world's population. Their strength lies in the unity of their energies, purpose and destructive intent.“

“We are currently seeking those who are willing to be conscious collaborators with the Earth Hierarchy. “It has been said, ‘One with God has the majority,’ and this is an eternal truth. One man's vision brought the Santa Maria across the Atlantic. One man's vision brought a free America. A single intelligence, guided by God, has saved the earth from disintegration more than once. This person kept the connection between people and God.“

Even before the arrival of Sanat Kumara, there were only four people who held this connection. Four individuals out of a population of 10 billion people. Nevertheless, this number was enough.”

“Your mission is similar to mine. Before I came into this material world, I was entrusted with a task of manifesting the full perfection of our Father to all of humanity. You were also commissioned to do this at the time of your creation!” (Jesus, 1956)

“In the afterlife there are millions who ask to be embodied and you, my spiritual successors, you who have physical bodies, you must become more and more aware of the magnificent possibilities that lie before you.”

“All of you have at one time or another contributed to the problems currently plaguing the Earth. Therefore, it is your responsibility and duty to lead the Earth out of its dilemma.”

“Humans, who have karma dating back to Lemuria, Atlantis, Babylon and Greece, had their four lower spiritual bodies re-engineered to bring the knowledge of the Golden Age back to Earth. Now, having received this grace of life, they refuse to spread this teaching. Can you think of the karma they will receive when they appear before the Karmic Council?”

“One day, when the veil is lifted from your material eyes, you will see the members of the inner spiritual realm and it will be a joy to work with them in establishing the Golden Age.”

“In the coming days we need an army of Lightworkers DISTRIBUTED ALL OVER THE EARTH, of individuals who are in a constant state of listening grace of harmony and inner calm, ready to get into action at any moment with only a advance warning.“

Then, when something happens and we (the Ascended Masters) desire to direct 1,000 rays of light into this activity, then thousands will come into action and the catastrophe will be averted.

This is the training of those who walk in my name under the banner of freedom” (Saint Germain, 1961).

The Elohim Vista said: “If you want to achieve something significant, it requires the complete dedication of your life.”

According to the Ascended Masters, the new Golden Age on Earth will be initiated under the spiritual leadership of the USA. The first phase of the spread of the teaching took place successfully in the USA. All the material given by the messenger Geraldine Innocente, which was printed by the "Bridge to Freedom" at that time, has now been republished by the AMTF Mt. Shasta, Werner Schroeder since 1980.

The worldwide flame transmission service was also reintroduced.

The second phase of expansion is dedicated to the German people. It is intended to anchor teaching in Europe. The book series "The Teachings of the Ascended Masters" serves this purpose.

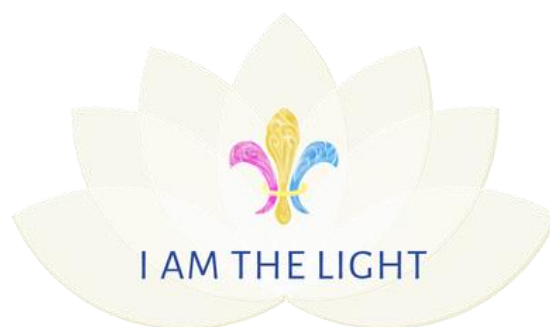

THE FURTHER RESULTS ENTIRELY UP TO THOSE WHO ARE READY TO "PUT THEIR SHOULDER TO THE WHEEL" AND MOVE IT FORWARD.

Volunteers are needed to carry out the Masters' plan. The first phase of the work in Germany will be to bring together those employees who are ready to actively participate in this sacred mission.

Two and a half million years ago, 30 people from all parts of the world met on the shores of Lake Gobi. Many had a difficult journey. Some had to cross multiple continents and oceans. A burning desire illuminated their path: the plan of a luminous city, later called Shamballa, was imprinted in their etheric bodies. After arriving on the shores of Lake Gobi, the strongest of the pilgrims brought forth their vision and it was confirmed in the hearts of others. Building a new Shamballa is a wonderful opportunity.

The fulfillment of this spiritual high goal depends on today's earthly followers of the Ascended Masters.

It is my hope and my prayer that among these employees there will also be many Germans and German speakers who will make an active contribution to the realization of the Great White Brotherhood's plan for a new, lasting Golden Age.
