

**PETITION**  
**„ I AM “ LIGHT STUDENTS**  
**IN EUROPE**  
**December 23**

Beloved Mighty I AM Presence, Ascended Masters of the Great White Brotherhood, Karmic Board, Beloved Beings of Light and Angels of Light,

- we ask in humbly, to remove the causes and kernels of all known and unknown impurities from the life streams of this earth, as well as from those who have voluntarily come here since the beginning of the time,
- we ask you, to free us from all entities (earthbound beings) of this earth, so that they can no longer influence people, and replace it with perfection,
- we ask you, to dissolve all disqualified energies, which were created by humans and which hinder the expression of Divine Love and Divine Light.
- we ask you, frees us from all diseases, epidemics, pandemics forever.
- Redeems us from senseless wars and rulers, who do not serve the well-being of people, nature and all beings as well as Mother Earth,
- we ask you, raise the earth into the Light and give her the Cosmic Victory, and let people recognize the Highest Truth, that only GOD I AM alone is GREAT and the CREATOR of everything, and that they may live according to this Truth!
- Beloved Cosmic Being VICTORY, we ask you for the DIVINE VICTORY in and around us and the whole world. We accept this as manifested NOW.

**BELOVED I AM, BELOVED I AM, BELOVED I AM !**

*For this I will do more invocations and work with the Violet Flame, exercise increased control of feelings and thoughts, practice TFS, or do what you suggest.*
